QMS Policy

We have established this QMS Policy to be consistent with the purpose and context of our Organisation. It provides a framework for the setting and review of QMS objectives in addition to our commitment towards the following:

- Production of high-quality power through innovation and continuous maintenance
- Continuous implementation of quality objectives through periodic system evaluations
- Being customer focused and striving to achieve customer satisfaction
- Ensuring that all contractual, regulatory requirements and applicable standards are fully complied with.
- Recognition of total involvement and participation of the entire work force

We have produced QMS objectives which relate to this policy and they can be found in document QMS-TPG-OB1 (QMS Objectives.) in our QMS Manual.

This policy is communicated to all interested parties as well as being made available to the wider community through publication on our Website and Company Notice board
